## To whom it may concern

Riverlaw Properties Ltd is the owner of a multimillion dollar Industrial Property Portfolio in Christchurch and effective from January 2013 has used **Innovationz Electrical Ltd** as its nominated Contractor for all of its electrical requirements.

Riverlaw Properties Ltd has engaged **Innovationz Electrical Ltd** to carry out all types of Electrical work, from major refurbishments of Cabling and Distribution boards – to “wireless” switches as well minor maintenance items and have found **Innovationz Electrical Ltd** to most proficient and diligent.

In times where an Electrical Contractor has been required at short notice, Lee Kukard or a member of his staff have responded immediately –they have arrived when they said they would and worked efficiently on site. Their charges are most reasonable.

Riverlaw Properties Ltd has no hesitation in recommending **Innovationz Electrical Ltd** to persons looking for an Electrical Contractor to carry out normal electrical requirements.
